

Savings Bank of Danbury proudly salutes the accomplishments of our area non-profits!

The Savings Bank of Danbury Foundation awarded \$240,144 to 96 non-profit agencies in 2021. These grants represent a 7% increase over 2020 grants making this the foundations largest award year to date. We are proud to support these outstanding organizations. These agencies address many critical needs in the areas of Affordable Housing, Arts and Culture, Community Service and Economic Development, Education and Health and Human Service. The Savings Bank of Danbury is proud of our commitment to provide financial support to organizations vital to the well-being, growth and prosperity in the communities we serve. In all, we contributed \$800,000 to over 180 different organizations in 2021. The emphasis of our donations was in the areas of food insecurity, housing, mental health and COVID initiatives. We extend our heartfelt thanks and gratitude to these outstanding agencies, their staff and volunteers. They work tirelessly every day to ensure that our communities are better places to live and work. Individuals and families can reach out to agencies when in need 24 hours a day, 7 days a week.
